Forestry and Food of the Republic of Slovenia)

World bee conference Global challenges in beekeeping

(The Slovenian Beekeepers' Association)

Friday, 18 May 2018 at 9:00,
Pod Stolom hall in Žirovnica

Dear beekeepers friends,

Slovenian Beekeepers' Association's Public Extension Service on Beekeeping in collaboration with the Ministry of Agriculture, Forestry and Food and Žirovnica Elementary School will organize a world conference on global challenges in beekeeping on Friday 18th May 2018. The conference will be divided into eight thematic units covering the areas of beekeeping technology, the use, safety and quality of bee products, knowledge transfer, taking advantage of foraging sources of bees and promotional activities. The conference aims at producing optimal and feasible solutions for eliminating the issues determined in beekeeping and setting short-term and long-term goals for the alleviation of the problems. Foreign and Slovenian beekeeping experts will participate at the conference. It will be moderated by SBA specialists.

The event will take place in the Pod Stolom Hall in Žirovnica starting at 9 am. It will be open to the general public, but due to limited venue space an application to Ms Barbara Dimc (via email to barbara.dimc@czs.si) is needed. Attendees are requested to provide their information when applying (full name, address, and contact information). The application comes with a fee. Fee 1 includes a lunch (a meat stew with pastries) with drinks, a coffee and a World Bee Day badge for €7.50 per person, while Fee 2 includes a coffee at break and the same badge for €3.00 per person. Lectures are not subject to a fee. The official languages will be Slovene and English. Simultaneous interpretation will be provided.

Dear beekeepers, you are invited once again to attend the conference because you will be able to get acquainted with various views on solving the challenges being detected in beekeeping around the world.

Slovenian Beekeepers' Association

Preliminary programme of the conference

	OPENING THE CONFERENCE
9:00– 9:30	<i>Welcome speeches:</i> Dejan Židan , Minister of Agriculture, Forestry and Food; Boštjan Noč , President of SBA; Philip McCabe , President of Apimondia; Leopold Pogačar , Mayor of Žirovnica
